Who we are

The High River Gift of Music Society is a non-profit society dedicated to offering world-class classical music in rural Alberta. We believe that access to great music is a vital part of making our communities vibrant and wonderful places to live. Over the past years the Gift of Music has presented outstanding musicians from all around the globe. We have enjoyed pianists, vocalists, violinists, guitarists, cellists, chamber ensembles, and choirs from Germany, India, Korea, Brasil, United States, and Canada.

We believe very strongly in the importance of introducing young people to classical music. We offer inexpensive tickets to young people and make a point of showcasing some of the very best young musicians on the cusp of exciting careers. We also offer informative pre-concert chats, presented by professional musicians, as part of our vision of enriching the appreciation of great music in our communities.

The High River Gift of Music Society is a non-profit, registered charity. It is managed and operated by passionate volunteers. We rely on the generous support of music lovers and some government grants in order to be financially sustainable.
